HAUTE COMMODES New work by the contemporary French sculptor **Ingrid Donat** is on view at Barry Friedman Ltd. The exhibit features Ms. Donat's richly textured, limited edition bronze-cast furniture. Ms. Donat's aesthetic combines tribal, classical, and Modern sources, and recalls the stylistic influence of colonial Africa, Central and South America, and Oceania on French artists and designers of the 1920s and '30s. Highlights include her low-lying tables, which evoke the handcrafted detail of ancient African masks. *Through Saturday, March 15, Tuesday-Saturday, 10 a.m.-6 p.m., Barry Friedman Ltd., 515 W. 26th St., between Tenth and Eleventh avenues, 212-239-8600, free.*
